

Alphino Full-size Acoustic Booth

Alphino full-size Acoustic Booth is manufactured from Glass Reinforced Polyester materials, especially suitable for marine, oil and gas environment. Our hoods are ergonomically designed and corrosion free in the most arduous climatic conditions. Its GRP sandwich panel designed for acoustic absorption cut out extraneous noise up to 35dB and optimally improves audibility in highly ambient noisy environments.

FEATURES

- ➔ UV stable and maintenance free Glass-fiber Reinforced Polyester (GRP) body and GRP sandwich wall provide light weight, durable and superior acoustic insulation performance
- ➔ Fire retardant, GRP Class 1 to BS476 Pt 7
- ➔ High noise reduction up to **35 dB**

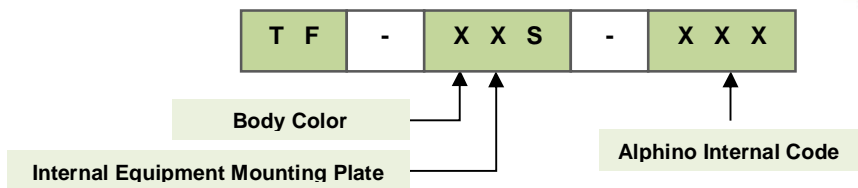

Internal Equipment Mounting Plate	
GRP	G
Stainless Steel SS316L*	S

Body Color	
Yellow (RAL1021)	Y
Grey (RAL7035)	G
Other *	S

*Other color available upon special request. Please indicate exact RAL color code.

ORDER INFORMATION

TECHNICAL DATA

Body	UV Stable Glass-fiber Reinforced Polyester (GRP Sandwich Wall)
Mean Noise Reduction	Up to 35 dB
Size & Weight	2120H x 900L x 900W, 140Kg Approx.
Internal Equipment Mounting Plate	450W x 380L (mm), GRP: 5mm/ SS316L:2mm
All Screws and Nuts	Stainless Steel 316L
